The following listing of claims will replace all prior versions and listings of claims in this application.

Listing of Claims:

Claim 1 (currently amended): A composition comprising a plant extract containing between 0.5 and 1000 parts per million of monomenthyl succinate as a coolant, and wherein said plant extract is isolated from a plant of the genus *Lycium* or *Mentha*.

Claim 2 (canceled).

Claim 3 (original): The composition of claim 1, wherein the plant extract is isolated from *Lycium barbarum* or *Mentha piperita*.

Claim 4 (currently amended): A method for isolating a plant extract containing monomenthyl succinate comprising:

 mixing plant biomass with 95% ethanol, wherein the plant biomass is from a selected plant of the genus *Lycium* or *Mentha*;

 extracting the mixture for 10 to 24 hours; and

 filtering the mixture to remove the plant biomass so that a plant extract containing monomenthyl succinate is isolated.

Claims 5-6 (canceled).

Claim 7 (original): The composition of claim 4, wherein the selected plant is *Lycium barbarum* or *Mentha piperita*.
